Statement of Variability - AR.pdf		

Statement of Variability
Group Annuity Application
10-70193

Any use of variability shall be administered in a uniform and non-discriminatory manner and shall not result in unfair discrimination.

Contract Form Number:

The corresponding contract form number will be inserted here. Currently we issue the following previously approved contract forms:

Form Number	Description	Approval Date
MHC-95-9317	Allocated Group Annuity Contract	08/19/1998
MHC-97-9388	Unallocated Group Annuity Contract	08/19/1998
04-70126	Unallocated Group Annuity Contract	08/09/2004
04-70128	Allocated Group Annuity Contract	08/09/2004

As new contracts are filed, we will add them to the accompanying Statement of Variability for those filings.

Liquidation Charge:

This schedule specifies the amount of the liquidation charge that will apply to the Participants' Accumulation Value at the time of the surrender of the contract, should the contract be discontinued during the specified time period(s). In most instances, this schedule will be zero (i.e. no liquidation charge will apply). However, a liquidation charge may apply for certain compensation types or other situations where such a charge is deemed necessary by Minnesota Life and agreed to by the Contractholder. The amount of the charge will typically not exceed 3% in any year. Under no circumstances will this charge exceed 7% initially, with that maximum cap declining 1% per year.

Each Participant

The reference to "each Participant's" may be replaced with "the Contractholder's" depending on which contract form is being applied for as outlined above.

If contract form MHC-95-9317 or 04-70128 is used then the item will read "each Participant's". If contract form MHC-97-9388 or 04-70126 is used then the item will read "each Contractholder's".
